Product Information

OPN-Industrial and Universal Cleaner Concentrate

- alkaline -

Properties:

Removes severe contaminations by

- fats, oils
- abrasive pastes, cast dusts
- tar, bitumen
- etc.

Application Range:

- machine and industrial facilities
- steel and metal parts
- construction and road vehicles
- as well as many other hard surfaces

Application:

Our information are recommendations based on our experience. We accept no liability for any damage without tests concerning suitability for the specific application, without preliminary trials and if the products is misused. Dilute 1: 5 to 1:20 with water, depending on the parts to be cleaned and the degree of contamination. Spray contaminated surfaces thoroughly or apply with a cloth or brush - let it react in for a short time - rinse with water.

In case of extreme dirt, treat with a brush. **Warm water enhances the cleaning effect.**

Can also be used in steam jet, high-pressure and floor cleaning equipment, as well as in foam equipment.

IMPORTANT: Always follow the instructions of the device manufacturer and test for suitability!

Not suitable for untreated aluminum.

Only for professional use! Always observe safety data sheet before use.

Ingredients:

Contains less than 5% phosphates, anionic and nonanionic surfactants. Dyes and perfumes LIMONENE.

Delivery information:

Art.-No. 16121 Disposable Canister: 10 liters content

Art.-No. 16132 Disposable Canister: 25 liters content

Observe the information on the label and of the EC-safety data sheet!
